CLIENT FEEDBACK

CARA J.

My child has been attending Kidz Kingdom for over a year and has enjoyed it so much.

They can handle his lung disease and trach when he had it, as well as provide fun activities and the opportunity to play and grow with other children. Love the nurses. Thank you!

ANAHI M.

My daughter started coming here at 3 months old. She was diagnosed with harsh asthma and has to be administered steroid inhalers. I have such peace of mind knowing she's well taken care of here. We love this place and fully trust all the nurses and employees here. Thank you Kidz Kingdom For Loving and Taking Care Of My Daughter & Family!
